### Pick-up/Delivery Service

Rainbow Cleaners offers you the convenience of delivery and pick up at your practice on a customized schedule, to meet your needs.

Many employers are offering this service to their employees, either in the form of a benefit or just as a way to help their employees manage their busy lifestyles.

We offer customized billing programs to meet your needs. The program can be a practice account, individual accounts or any combination. Our service is non-intrusive.

And don't forget to mention that you are a CMA physician or work at a CMA-physician practice. You will save 7% off all of our services!

### Drycleaning

Drycleaning is a process that uses solvent instead of water. Using our state-of-the-art equipment, Rainbow Cleaners removes soil and stains from fabrics, without penetrating the fibers, as takes place with water. Solvents are not harmful to most fabrics, and when compared to water, cause far less shrinkage, color fading and other problems that can occur during the cleaning process. Detergent additives are utilized in our cleaning process for enhanced cleaning capability.

### Shirt & Laundry Services

Our goal is to provide you with the best looking garment in town, as well as reduce wear and tear on your clothing as compared to a residential washing machine.

### Repairs & Alterations

We offer all types of tailoring and alteration service at affordable rates.

### Household Items

Bedspreads/comforters, blankets, small area rugs, sleeping bags, futon covers, table cloths and napkins are all examples of household items. We utilize commercial size washers and dryers to provide a more thorough cleaning and even drying of these items. Down filled? No problem!

### Leather, Suede & Fur Cleaning

Our leather, suedes and furs are cleaned by The Joseph Krow Company in North Huntington Pennsylvania. They are a specialized service and provide excellent care and cleaning of your garment.
